Environmental Pest & Weed Management

3. Location request

4. Map and reporting page

The map will appear.

You can move around the map/area to view other pins and zoom in and out using two fingers.

This is also where you submit a report, see below.

To submit a report, tap on the blue pin.

This message will appear, Select Yes

Tap the location of the nest on the map.

4.(b)

Once the pin has been dropped on the screen, you can:

- press/hold the pin to move it to the exact location.
- Zoom in and out using two fingers.

When you are happy with the location, tap/select the green tick.

5. Report details
